Aula M1A32 Regressão Linear IV.

Leitura complementar:

- What is Exploratory Data Analysis?

- .index() pandas.DataFrame.merge()

- Data Preprocessing: Concepts

- 6.3. Preprocessing data

- sklearn.linear_model.LinearRegression

- .fit()

- .score()

- .tolist()

- .predict()

- How is Airbnb really being used in and affecting the neighbourhoods of your city? Airbnb

- Anonymizing Data to Showcase Machine Learning Solutions

- Anonymizing Data Sets

- How "Anonymous" is Anonymized Data?

- pandas.get_dummies

- sklearn.model_selection.train_test_split

- pandas.DataFrame.merge

- Data Preprocessing: Concepts

- 6.3. Preprocessing data

- sklearn.linear_model.LinearRegression

- .fit()

- .score()

- pandas.Series.tolist

- .prodict()

- sklearn.metrics.mean_squared_error

- ○
