Aula 06 Pandas

Leitura complementar:

- 10 minutes to pandas

- Pandas

- pandas.Series

- pandas.DataFrame

- pandas.Index

- Pandas Series: A Lightweight Intro

- pandas.Series.values

- pandas.Series.index

- The Pandas DataFrame: Make Working With Data Delightful

- The Mastery of Pandas - I

- Seus primeiros passos como Data Scientist: Introdução ao Pandas!

- Numpy Arrays

- NEP 21 — Simplified and explicit advanced indexing

- pandas.Series

- numpy.ndarray

- Objetos Dictionary

- Creating a Pandas Series from Dictionary

- Indexing, Slicing and Subsetting DataFrames in Python

- Python Pandas - DataFrame

- Pandas Series: A Lightweight Intro

- 15 ways to create a Pandas DataFrame

- Introduction to Pandas DataFrames

- 7 Ways to Manipulate Pandas Dataframes

- pandas.DataFrame

- How to convert Dictionary to Pandas Dataframe?

- pandas.Index

- pandas.DataFrame.values

- pandas.DataFrame.columns

- Creating a dataframe from Pandas series

- How to Convert Pandas Series to a DataFrame

- Ultimate Pandas Guide — Creating a DataFrame

- Working with missing data

- Using List Comprehensions With pandas

- PYTHON LIST COMPREHENSION : LEARN BY EXAMPLES

- Pandas Index Explained

- Dealing with Rows and Columns in Pandas DataFrame

- pandas.Index

- Index objects

- pandas.Index

-
